

Proctorio + Moodle, Course LTI Integration and Installation Documentation

Confidentiality Notice: The information contained in this document may be confidential and legally privileged. It is intended only for use of the institution or organization named. If you are not the intended recipient, you are hereby notified that the disclosure, copying, distribution, or taking of any action in regards to the contents of this document – except its direct delivery to the intended recipient – is strictly prohibited. If you have received this document in error, please notify the sender immediately and destroy this cover sheet along with its contents, and delete from your system, if applicable.

Course Teachers, Designers and/or Moodle Administrators:

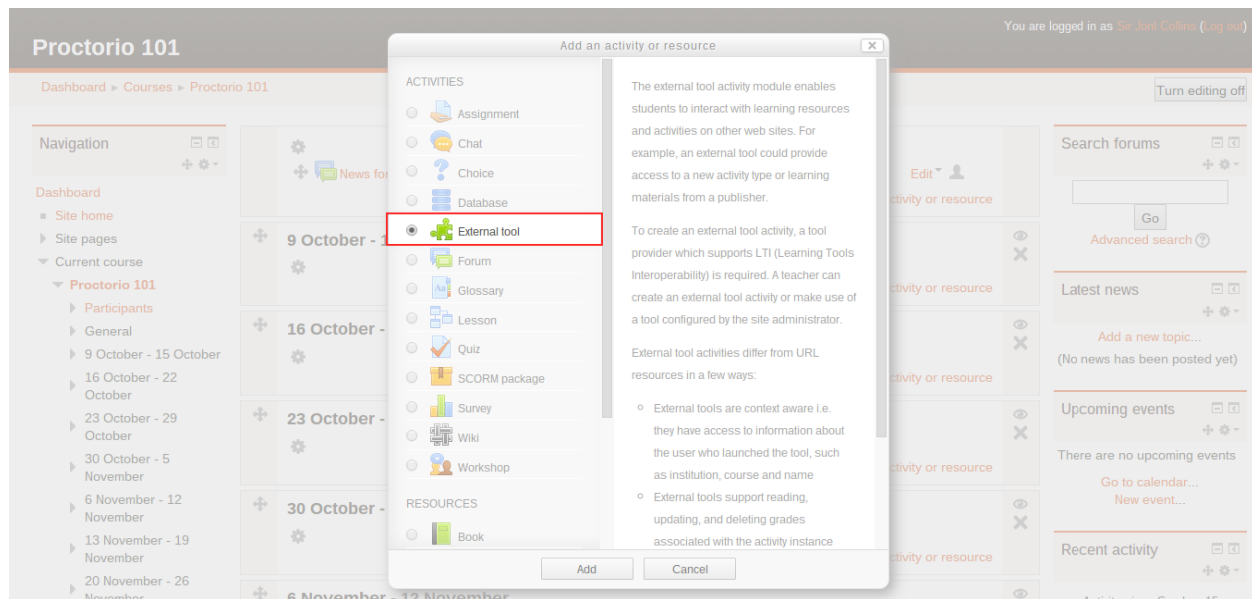

1.) Select the course you would like to install the LTI on, in this example we will select Proctorio 101. Once in the course, turn editing on by clicking the “Turn editing on” button in the upper right corner of the course home page.

The screenshot shows the Moodle course interface for 'Proctorio 101'. The user is logged in as 'St. Joni Collins'. The 'Turn editing on' button is highlighted in the top right corner. The left sidebar shows the course navigation menu with 'Proctorio 101' selected. The main content area displays a list of course sections with dates. The 'News forum' is visible at the top. The right sidebar contains search forums, latest news, upcoming events, and recent activity sections.

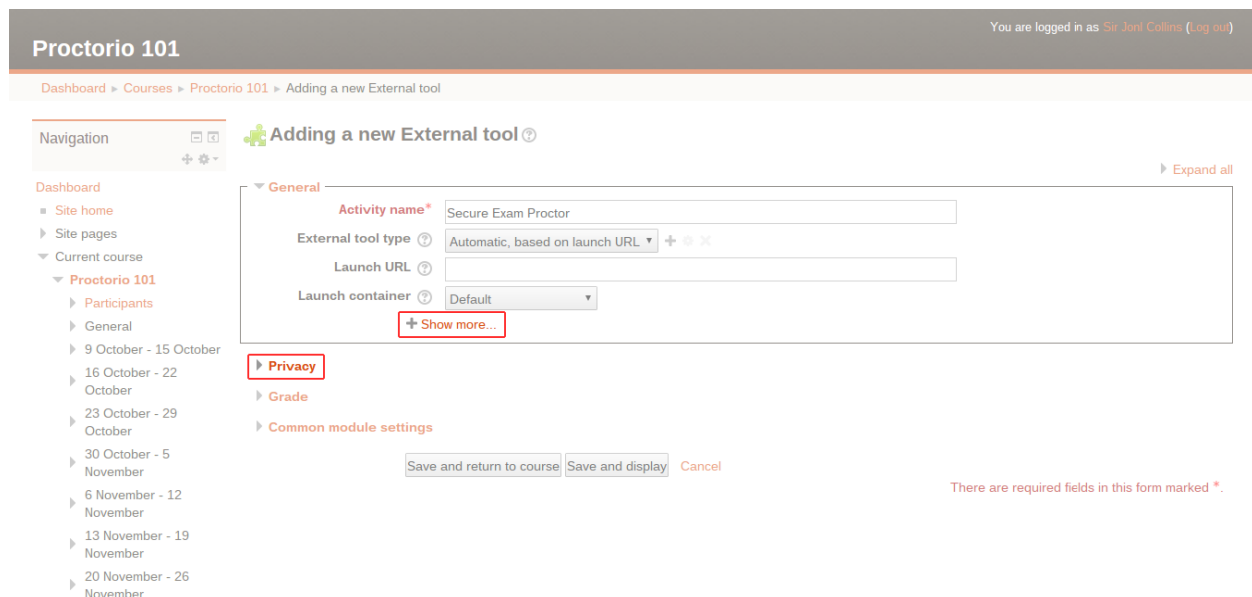

2.) The LTI will need to be added to the General Section (top most section) of the course. To start, click on the “Add an activity or resource” link within the General Section.

The screenshot shows the Moodle course interface for 'Proctorio 101' with editing turned off. The 'Turn editing off' button is visible in the top right corner. The left sidebar shows the course navigation menu. The main content area displays a list of course sections. The 'Add an activity or resource' link is highlighted in the top section. The right sidebar contains search forums, latest news, upcoming events, and recent activity sections.

3.) Click on the External Tool and then press Add.

4.) Expand the Privacy section and click the Show more link to access the fields required to complete the configuration.

5.) Within the External tool menu provide the following information.

In the General section:

Activity Name	Secure Exam Proctor
Secure Launch URL	https://lti.proctor.io/launch
Consumer Key	[YOUR KEY]
Consumer Secret	[YOUR SECRET]
Secure icon URL (OPTIONAL)	https://az545770.vo.msecnd.net/lti/icon

In the Privacy section, uncheck all three boxes
